Septic Accessories

TUF-TITE - SPEED LEVELER (SL-4)

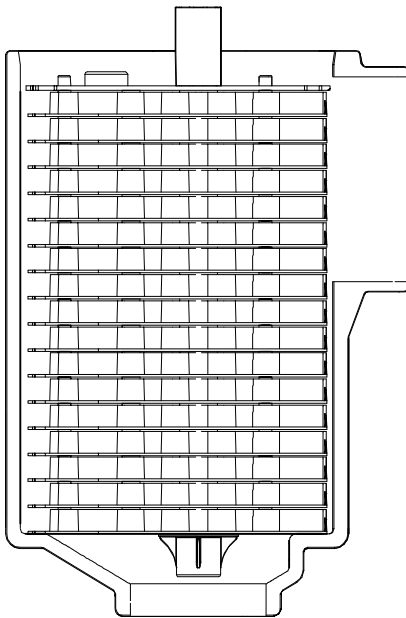

This device helps control the flow in the distribution boxes. The contractor can easily install and adjust the leveler by hand to control the flow of the discharge in the box. It fits in most 4" pipes and is non-corrosive. Lakelands Can Supply To Contractors.

POLY-LOK - PIPE SEAL

This device eliminates the use of grout and is watertight. Contractors can easily peel the size they need and insert the pipe. It can be used for 2", 3", or 4" pipe. Lakelands Cast-In: Stepic Tanks, Distribution Boxes, and Drop Boxes.
